The question was asked. The champagne was popped. The happy tears have been had. The planning was ALMOST complete..... then..... COVID-19.

I have put together a useful guide to help you navigate this unprecedented time.

Reaching out to other leaders in the wedding industry- this list has some of the best and most current advice for anyone being faced with the decision of rescheduling due to this pandemic.

Start out by reaching out to your wedding planner. If you do not have one? Continue reading.

Contact your venue ASAP. You will want to know as many possible reschedule dates that you can. Reach out to family and pick a few that works for everyone. Keep in mind that Friday and Sunday weddings are a thing.

Check the availability with your vendors to ensure they are also available. As many of us have multiple wedding dates being transferred.

Lock in the new wedding date with all of your hired pros with a fresh contract.

Do NOT cancel if you don't have to.

# COVID - 19 TIMELINE
